

## Directions to Colorado Flight Center!

**By road:** Take Horizon Drive (exit 31 from I-70) north to the Grand Junction Regional Airport entrance at "H" Road. Enter the roundabout, then exit immediately at the first right on to Eagle Drive. Follow Eagle Drive to the next roundabout and take the first right on Aviators Way, then make the first left on to Heritage Way. There is visitor parking to the left just before you reach the circle drive. Our office is located on the first floor of the 800 Building, just north of the circle drive.

**By air:** Taxi clear of the runway, then request to taxi to the "Colorado Flight Center" ramp, about 1000 feet east of the Control Tower, south of Taxiway A between A6 and A7. We share our aircraft parking area with the West Star Aviation FBO.
