

GET YOUR MULTI-ENGINE RATING!

\$6600

Train in our advanced Piper Seneca V for your private or commercial multi-engine rating. Price includes: 14 hours Aircraft Rental, Flight and Ground Instruction, King CD-ROM Multi-Engine Ground Course, Pilot Information Manual, Professional Laminated Checklist, Oral Exam Guide, Checkride Fee.

**Aircraft rental/flight instruction beyond 14 hours charged at additional cost.*

The aircraft is a 1997 Turbo Seneca V with an advanced avionics package that includes the Bendix/King Digital Silver Crown Package with a Garmin GNS 530W GPS receiver and Bendix RVR-2000 VP Color Radar. It also includes a Garmin GMX 200 Multi-Function Display for display of terrain, radar, traffic, and XM weather data. Certified for flight in to known-icing conditions, this is the only twin-engine aircraft available to the public for rental and instruction in western Colorado.
